Dear Mr. Ali:

Subject: "FOFSTOCK"

Based on the information provided in your application dated 2012/03/22, the above-noted production qualifies as a Canadian Program as defined in Broadcasting Regulatory Policies CRTC 2010-905 and 2010-808 as well as Public Notice 2000-42 or any amendment made thereof. The specifics of the certification are as follows:

<u>Certification No.</u>	<u>Logging Category</u>	<u>Points Achieved</u>	<u>Time Credit</u>
C34089	02B	6/6	100%

This certification is predicated on the understanding that the production is not an infomercial and that, other than in the commercial breaks and the mention of sponsors as permitted by the *Television Broadcasting Regulations, 1987*, there is no form of endorsement, advertisement, solicitation or use of addresses, telephone numbers or websites within the program itself or any episode thereof that is intended to sell or promote goods or services.

For more information on time credits and advertising material, please refer to the notes on the reverse of this letter.

Any material changes to the production should be forwarded to the CRTC for update. Moreover, as part of its supervision mandate, the Commission may monitor the actual broadcast of this production and should the status of it require re-evaluation, in the case of material changes, omissions, inaccurate statements or the inclusion of non-certifiable program material, such that it does not continue to meet the Canadian program definition, this certification may be revoked.

Please ensure that the licensee broadcasting this production is provided with a copy of this certification. If you have any questions regarding this letter, please contact Boukar Farmo at (819) 997-4486.
